Bernard Klingenberg

Executive Vice President: Energy Operations

As Executive Vice President, Energy Operations, based in Johannesburg, South Africa, Mr Bernard Klingenberg is responsible for maintaining safe, reliable and sustainable operations of Sasol's entire Southern Africa operations portfolio. This comprises all downstream operations and related infrastructure.

The portfolio includes South African-based operating facilities including Sasol mining, Secunda Operations, Regional Operations and Asset services based in Secunda, Sasolburg and Ekandustria Operations, Natref – Sasol's joint-venture inland refinery with Total SA, as well as Research and Technology, Projects and Engineering.

He was appointed to the Group Executive Committee in April 2009 and for the first two years of his tenure was responsible for Group Human Resources.

Since joining Sasol, he has held various management positions in maintenance, technical and general management in the South African Energy and global Chemical businesses. From April 2007 to March 2009, Bernard was Managing Director of Sasol Polymers and prior to that Managing Director of Sasol Nitro. He is a director of several companies in the Sasol Group.

Purpose
Innovating for a
better world

Sasol is a global chemicals and energy company. We harness our knowledge and expertise to integrate sophisticated technologies and processes into world-scale operating facilities.

We safely and sustainably source, produce and market a range of high-quality products in 27 countries, creating value for stakeholders. Our purpose "Innovating for a better world" compels us to deliver on triple bottom line outcomes of People, Planet and Profit, responsibly and always with the intent to be a force for good.
